

# Store-It™ Laser Swivel

## Hi-Speed USB 2.0 Flash Drive

Portable USB 2.0 Flash Drives are more than just a give-away. Branded with logo, website and even phone number, they are also a very savvy delivery system for your most important information. Load your drive with a Splash Page to give the end user a choice of actions, program it to automatically open to your website, or preload your catalog with our BookOnFlash eBook solution.

This capless, swivel style has plenty of imprint area and the cover will never get lost.
